### **Comment:**

*We will divide children in ON-LINE LESSONS into the above groups according to age and knowledge. If you are interested, please send an email to [babyenglish@seznam.cz](mailto:babyenglish@seznam.cz) with your time options.*

*\* In the case of a smaller number of children in the group (5 or 6 children), the lesson time will be shortened from 90 to 60 minutes.  
Jolly Phonics (JP) - it is a funny way of learning the letter sounds, which enables children to become fluent readers.*
